August 16, 2023

State Plan Revision

The FY2024-2028 State Plan will be more of a comprehensive system approach instead of individual core partners responding to each federal prompt.

Tentative Timeframe

- Draft Approval from Governor's Workforce Development Board October 18, 2023.
- Post for Public Comment Approximately November 1, 2023, to January 1, 2024.
- Final Governor's Workforce Development Board Approval Approximately February 15, 2024.
- Approximately March 1, 2024, Submit to DOL and U.S. DOE.

Revision Progress

- Three overarching goals were approved by vote of the subcommittee.
- Using a tracking sheet for revisions each member of the Work Group has volunteered to work on revising sections and once the initial revision is complete other Core Programs will review.

Overarching Goals

Goals that will set the stage for more specific goals and measurements within one or more separate documents to be used by the GWDB and core partners.

Goal 1

Population: The Nevada Workforce System will increase engagement with groups who have high unemployment and or low labor force participation.

Goal 2

Alignment: The Nevada Workforce System will increase the operational alignment of services among required partners.

Goal 3

Collaboration: The Nevada Workforce System will improve collaboration between required partners through the use of common processes and systems.
