Next Generation Sector Partnerships

What Are Next Gen Sector Partnerships?

Next Generation Sector Partnerships are **partnerships of businesses, from the same industry and in a shared labor market region, who work with education, workforce development, economic development and community organizations** to address the workforce and other competitiveness needs of the targeted industry.

Next Gen Sector Partnerships Are...

Mission

Align the local talent development pipeline to effectively meet the needs of the region's target industries

Goals

1. Increase engagement between industry and the talent development pipeline
2. Connect employers to available workforce development resources
3. Embed industry needs in the talent development pipeline

INDUSTRY SECTOR PARTNERSHIPS

MISSION

Align the local talent development pipeline to effectively meet the needs of the region's target industries.

GOALS

1. **Increase engagement between industry and the talent development pipeline**
 - a. Regularly convene local employers from target industries and skill-acquisition partners.
 - b. Extract talent development needs from employers and identify opportunities for collective action across employers and industries.
 - c. Identify and build relationships with local industry sector leaders and increase the number of ISP employer members.
 - d. Host industry events to connect employers and job seekers.
-

2. **Connect employers to available workforce development resources**

- a. Increase the number of employers accessing resources in the workforce development system to include hiring, upskilling and retention assistance.
- b. Provide LVGEA-assisted businesses with timely and effective access to workforce development resources including WIOA funds dedicated for ISP activities.
- c. Regularly verify alignment between employer needs and available resources in the workforce development system to include non-WIOA dollars dedicated for ISP activities.
- d. Work with local chambers of commerce partners, via the LVGEA's Council of Chambers, on improving employer engagement.

3. **Embed industry needs in the talent development pipeline**

- a. Establish sustainable mechanisms in Elementary Schools to support early student exposure to occupations in target industry sectors.
- b. Increase opportunities in Middle and High Schools for meaningful exposure to career pathways in target industry sectors.
- c. Strengthen breadth and depth of industry-aligned skill-acquisition opportunities in post-secondary institutions.
- d. Increase youth internships, employer mentorships, teacher externships, student tours, employer visits and curriculum alignment to industry needs.
